### COMMERCIAL GRADE LED LIGHT STRANDS

Rugged construction includes the use of heavy-gauge wire, thick plastic lampholders, and o-ring sealed watertight end-to-end coaxial connections for shock-resistant and tamper-resistant installations. Reliably season-after-season. Polybagged for easy handling. Connect up to 58 strands end-to-end, making installation fast and easy. Splitters and blank wire strands make continuous runs from tree to tree simple.
