

OIL FILTERS

Visually the
outside filter
construction is
identical.

**BUT . . . ARE
THEY THE SAME?**

BRAND - X

TORO

BRAND - Y

1. THICKER FILTER CASING

Benefit: Easier to install, louver center design adds strength, which is less prone to deformation.

2. HEAVY DUTY SPRING

Benefit: Prevents premature bypass.

3. PREMIUM FILTRATION MEDIA

Benefit: Captures more contaminants preventing them from entering the engine.

4. FILTER GLUED INTO CANISTER

Benefit: Prevents media separation from element.

5. PREMIUM GASKET

Benefit: Seals, preventing contaminants from recirculating.

6. BASE WITH MORE INLET HOLES

Benefit: Improved oil circulation through filter.

Century Equipment has new year-round preferred pricing on quality Toro filters.
