CENTURY *Equipment*

Setting a new standard by which all other riding greensmowers will be measured.

Greensmaster® TriFlex™ & TriFlex Hybrid Greensmowers

The all-new Greensmaster TriFlex and TriFlex Hybrid models are the first riding greens mowers delivering the productivity of a rider and the precision of a walker. Combining the all-new, Double A-Arm Suspension System with industry-leading Flex technology, the cutting units float freely over any terrain resulting in a superior quality of cut and after cut appearance. The TriFlex Hybrid models feature a reliable all-electric reel circuit that was custom designed with ample power for your most demanding applications, on and off the green.
